

# BARAN GUNEBAKAN

## FRONT-END WEB DEVELOPER

### WORK EXPERIENCE

#### Albert Heijn 2020-2021

I've worked as both a cashier and a stocker at my local grocery store.

#### E-Commerce 2023-Present

For a class we had to start our own businesses and sell a product. Me and a few classmates are currently still running that business. This way I got experience working with Shopify, Excel, Suppliers and more.
